**WOMEN GIVE MENENDEZ 11-POINT LEAD IN NEW JERSEY,
QUINNIPIAC UNIVERSITY POLL FINDS;
VOTERS OPPOSE KAVANAUGH CONFIRMATION BY WIDE MARGIN**

With a big lift from New Jersey women, U.S. Sen. Robert Menendez, the Democratic incumbent, leads former pharmaceutical executive Bob Hugin, the Republican challenger, 53 – 42 percent among likely voters, according to a Quinnipiac University Poll released today.

Only 5 percent of likely voters remain undecided, but 13 percent of voters who do name a candidate say they could change their mind by Election Day.

Women back Sen. Menendez 57 – 38 percent, while men are divided 48 – 48 percent.

This is the first survey of likely voters in this race by the independent Quinnipiac (KWIN-uh-pe-ack) University Poll and can not be compared to earlier surveys of registered voters.

Republicans go to Hugin 93 – 6 percent, as Democrats back Menendez 93 – 6 percent. Independent voters are divided with 48 percent for Hugin and 43 percent for Menendez.

The incumbent leads 67 – 26 percent among non-white voters. White voters are divided with 49 percent for Hugin and 48 percent for Menendez.

New Jersey likely voters give Menendez a split 46 – 44 percent job approval rating and a big negative 34 – 53 percent favorability rating. Hugin gets a positive 35 – 27 percent favorability rating, with 34 percent who don't know enough about him to form an opinion.

“Sen. Robert Menendez has the advantage of representing very blue New Jersey, where there are many more Democrats than Republicans,” said Mary Snow, polling analyst for the Quinnipiac University Poll.

“Also working to his advantage is that 63 percent of New Jersey voters want Congress to be more of a check on President Donald Trump. That number is even higher among women.”

New Jersey likely voters say 59 – 25 percent that Sen. Menendez is not honest. But Menendez cares about average people, voters say 48 – 39 percent.

Hugin is honest, voters say 39 – 24 percent. He cares about average people, voters say 38 – 31 percent, with 31 percent undecided.

“New Jersey likely voters may prefer Sen. Menendez over Republican challenger Bob Hugin, but they certainly make it clear they are not fond of Menendez,” Snow added.

“Only one quarter of voters believe the incumbent is honest. Hugin, a former pharmaceutical executive, scores higher on honesty, at 39 percent, but just about as many people don’t know enough about him to say for sure.”

Judge Brett Kavanaugh

New Jersey likely voters say 59 – 35 percent that the U.S. Senate should not confirm Judge Brett Kavanaugh to the U.S. Supreme Court.

Women oppose his confirmation 65 – 28 percent and men are opposed 51 – 42 percent. The only listed party, gender, education or racial group to support the confirmation are Republicans, 76 – 14 percent. White men are divided, with 50 percent for confirmation and 44 percent opposed.

Gov. Murphy, Sen. Booker, President Trump

New Jersey likely voters approve 54 – 34 percent of the job Gov. Phil Murphy is doing. Approval is 89 – 5 percent among Democrats and 47 – 40 percent among independent voters. Republicans disapprove 73 – 13 percent.

Voters approve 58 – 37 percent of the job U.S. Sen. Cory Booker is doing.

President Donald Trump gets a negative 35 – 62 percent job approval rating. The only listed group to approve of the president are Republicans, 81 – 17 percent.

Congress should be “more of a check on President Trump,” 63 percent of voters say, while 28 percent say Congress is doing enough to check the president.

From September 25 – October 2, Quinnipiac University surveyed 1,058 New Jersey likely voters with a margin of error of +/- 4.1 percentage points, including the design effect.

The Quinnipiac University Poll, directed by Douglas Schwartz, Ph.D., conducts gold standard surveys using random digit dialing with live interviewers calling landlines and cell phones. The Quinnipiac University Poll conducts nationwide surveys and polls in more than a dozen states on national and statewide elections, as well as public policy issues.
